OBJECTIVES

Motivated **UI/UX Designer** with a Computer Science degree and Coursera.org certification. Skilled in User Experience, UI Design, 3D Modelling, and Graphic Design using tools like Figma and Photoshop. Seeking a challenging role to apply my creativity and expertise in crafting intuitive digital interfaces. Proficient in HTML/CSS and web design, I aim to elevate user interactions and deliver impactful results for clients through innovative design solutions. Passionate about pushing the boundaries of user experience to create visually captivating designs.

EXPERIENCE

PORTFOLIO UI/UX Designer | [AUG-SEP,2023]

- **PROJECT 1**: Designed a user-friendly pharmacy app with seamless product ordering, online consultancy, healthy food recommendations, and order tracking features.
- **PROJECT 2:** Designed a seamless music experience with library, playlist, trending songs, recently played, and personalized song recommendation features across both app and website platforms.

PORTFOLIO UI/UX Designer | [SEP-NOV,2023]

- **PROJECT 3:** Designed a responsive online course website, ensuring optimal user experience across mobile, tablet, and desktop platforms
- **PROJECT 4:** Designed a 3D website showcasing a variety of cool drinks with three different fruit flavors, including nutritional facts description label with aesthetic visual design.
- **PROJECT 5:** Revamped Canon camera website with a visually appealing UI, showcasing camera specifications and essential accessories for an enhanced user experience.
